

Stanford CS193p

Developing Applications for iOS

Spring 2020

Lecture 11

Today

👁 Stretch Run!

We've covered all the main topics for SwiftUI!

Assignment 6 is the last assignment.

There are a few more topics that might be helpful for your Final Project.

We'll try to get lectures on those topics out as soon as we can.

👁 Final Project

Read the rubric carefully.

Craft a detailed proposal.

Start early.

Programming is like doing crossword puzzles.

👁 Demo

Picker Demo

Introduce new demo codebase: Enroute
